

Kids Against Cancer (KAC) works to help families of children with cancer and blood-borne diseases by lifting financial burdens with grants, and connecting them with helpful resources.

Your gift, no matter the size, helps give care to kids fighting the battle of their lives. Your support could help unburden a family trying to fight the battle alongside their sick child. Every dollar will help with an unpaid bill burdening a family. Families put their lives on pause to help their child live. Help them push the play button again.

Brianna, a two time childhood cancer survivor says “ *Kids Against Cancer helped by helping my family with many services including financial and emotional support. They never failed to amaze me on what they did for me and I continue to praise them to this day for helping my family and me.*”

SAY: **YES** I want to help Kids Against Cancer continue to treat a kid like a kid while they receive the care they need and help lift the financial burden from their over burdened shoulders.
